
Editors Choice (unreleased mod) [Hall of Mirrors](#)

Why? Have you seen this [trailer](#)? In the immortal words of starsky and hutch - DO IT! Slowmo, Matrix like scenes with tons of bad guys, big moves (flips and stuff)... I damn near wet my pants in anticipation for this mod. Hall of Mirrors is a Total conversion of Max Payne 2 that allows you to live out the journey of Cleric John Preston. Gunkata your way through sweepers and clerics to destroy the regime you once held so dear. Awesome, just awesome.
